ABSTRACT

Formerly the "Directory of ERIC Information Service Providers," this directory lists 1,029 organizations that provide individuals with access to the ERIC database and related resources. It is designed to help users quickly locate organizations that offer ERIC resources and related services within a geographically short distance, and is arranged in three sections, covering the United States, outlying territories, and foreign countries. The directory includes organizations that: (1) provide online (including Internet) or CD-ROM access to the ERIC database on a regular basis; (2) maintain sizeable collections of ERIC microfiche; and (3) subscribe to and collect ERIC publications, including "Resources in Education" (RIE), "Current Index to Journals in Education" (CIJE), the "Thesaurus of ERIC Descriptors," and/or ERIC Clearinghouse publications. Entries for each organization include street address, telephone and fax numbers, and electronic addresses; contact name; collection; equipment; audience; and services provided. Also provided are a sample directory entry, a statistical table showing the geographic distribution of ERIC Resource Collections, ERIC publication subscription information, and an alphabetical organization index. Introduction

The *Directory of ERIC Resource Collections* (formerly the *Directory of ERIC Information Service Providers*) lists 1,029 organizations that provide individuals with access to the ERIC database and related resources. It is designed to help users quickly locate organizations that offer ERIC resources and related services within a geographically short distance.

The *Directory* includes organizations that do one or more of the following:

- Provide online (including Internet) or CD-ROM access to the ERIC database on a regular basis.
- Maintain sizeable collections of ERIC microfiche.
- Subscribe to and collect ERIC publications, including *Resources in Education* (*RIE*), *Current Index to Journals in Education* (*CIJE*), the *Thesaurus of ERIC Descriptors*, and/or ERIC Clearinghouse publications.

Keep in mind that services offered change frequently. For this reason, we suggest that you call to check relevant details before you visit a service provider.

Organizations that would like to update their entries and those that would like to be included in future editions should complete the data collection form in the back of this *Directory* and mail it to: ACCESS ERIC, ERC Data Collection, 1600 Research Boulevard, Rockville, Maryland 20850–3172. If you prefer, you can FAX it—301/309–2084—or call ACCESS ERIC at **1–800–LET–ERIC**.

A searchable version of the *Directory of ERIC Resource Collections* and other ACCESS ERIC reference and referral databases will soon be available online via the ERIC Systemwide Website on the Internet (http://www.aspensys.com/eric) and via America Online (Keyword: eric). For more information, call ACCESS ERIC.

How To Use This Directory

The ERIC resource collection providers appearing in this *Directory* are arranged geographically and grouped into three categories: the United States, outlying territories, and other countries. United States entries are arranged alphabetically by state and city, whereas outlying territories and other countries are arranged alphabetically by country and city. This arrangement places entries for organizations in the same city together for ease of location and referral.
